

Gold House

Synthetic Gloss paint for interior and Exterior applications

DESCRIPTION:

Gold House is a gloss solvent-base enamel paint based on alkyd resins, containing highly selected pigments & additives used as a finish coating for various substrate type.

USES:

- For interior & exterior uses.
- Can be applied over wood , soft & hard boards, concrete, plaster , zinc , metallized steel , new iron and galvanized steel (after special treatment).

Advantages:

- Excellent hiding power.
- Good color retention properties.
- Excellent wash ability and weather resistance (temperature, humidity, sunlight, wind & rain).
- Good flow and drying properties.
- Easy to apply.
- Easy to clean.
- Lead free.
- Particularly suitable for wood and steel.

TECHNICAL PROPERTIES:

Finish	Gloss
Color	Available in white and colors.
Density @ 25°C	1.10 ± 0.03 Kg/Lit.
Viscosity @ 25°C	110-115 KU
Solid content by Volume	65 ± 2 %
Diluent / thinner	Water
Drying time@25 °C & relative Humidity50%	Touch Dry : 1-2 hours Recoat: 18-24 hours min.
Recommended DFT	30-40 µm

INSTUCTIONS FOR USE:

SURFACE PREPARTION:

Surface must be dry, clean, free from Oil, grease, dirt, chalk...etc.

On ferrous and non-ferrous metal, use suitable primer like JAC before applying Gold House.

On painted substrate, wash and leave to dry, make sure that old paints are not loose before preparing the substrate.

APPLICATION:

- Apply Gold House by using brush or roller
- In case of using brush or roller , dilute the protect by 15% white spirit , for first coat.
- For Second coat dilute the product by 5-10% white spirit.
- In case of using spray gun , dilute the product by 10-20% white spirit depeding on the gun nozzle and substrate condition.

APPLICATION TOOLS:

Brush-Roller-Airless Spray Gun.

SPREADING RAAE:

10-14 m²/L. At the recommended DFT according to porosity preparation of substrate.

CLEANING:

All tools should be cleaned with clean water immediately after use.

Cured material can only be removed mechanically.

PACKAGING:

Available in small containers, gallons, and buckets. Refer to company Price list for more information.

STORAGE&SHELF-LIFE:

36 months in original tightly closed containers away from direct sunlight and excessive heat.

HEALTH AND SAFETY:

Gold House should not come into contact with skin or eyes or be swallowed, ensure adequate ventilation and avoid inhalation of vapors.

Wear suitable protective clothing, gloves and eye face protection.

In case of contact with skin, rinse with plenty of clean water, then clean with soap and water.

In case of contact with eyes rinse immediately with plenty of water and seek medical advice.

FIRE:

Gold House is non-flammable.

Ensure adequate ventilation. Do not smoke during use.

In the event of fire, extinguish with CO₂ or foam. Do not use a water jet.
